Parking on yellow lines on Slack Lane, this has been investigated and officers found that the restriction signs at the junction of Slack Lane/High St were missing so parking fines could not be enforced, the signs will be replaced asap, I did notice today when I came through Crofton that two Highways operatives were fiddling with the sign so it may have been mended.

Gullys Hare Park Lane, drainage engineers have been out and arrangements have been made to cleanse the gullies once again

Knotweed, council confirm that knotweed is treated in line with EU guidance, hope this helps

Overgrown Hedge Cock & Crown, apparently the work has been complete

Litterbins High Street outside shops, following investigation the bins apparently are emptied on a daily basis, the volume from the sandwich shop during school lunch times is excessive and accumulates quickly, the cleansing team has reported some of the waste from the bins could have come from the Post Office as there were many window flyers in the waste.

Attenuation pond, the work was programmed in for December, can Dave confirm whether it has been done?
