Patrols

Pc Steel

17:00 X 19:00 18/12/2019

Patrols were made on off road motorbike. Initially traffic was monitored due to rush hour. There are temporary lights on Doncaster Road which seems to have increased traffic coming through the area using it as a shortcut. 1 X motorist dealt with for not wearing seatbelt, No other issues.

I patrolled the old wasteland (Peacocks) off Shay Lane, however the owner has done a very good job of blocking off all access points which makes it near impossible to access with a motorbike. I spoke with a local male who took me to an access point through a farmers fields however due to the weather I would suggest only the most powerful bikes would be able to get across the field. It would appear that at least for the time being the location should remain bike free due to inaccessibility.

I spent some time on Middle Lane and the surrounding woods checking for nuisance youths. There were no issues at all and no one to even speak to.
