

CROFTON PARISH COUNCIL

CORONA VIRUS PREVENTION NOTICE

We have taken into account recommendations from the Government and the National Association of Local Councils about the gathering of people and giving consideration to those people aged over 70 & people with underlying health issues.

Given that we are in unprecedented times, we are taking a common sense approach and have decided that the, **Parish Centre & Library will now be closed with immediate effect until further notice.**

We regret having to take the decision but feel compelled to act promptly to protect our most vulnerable residents.

If you have an event booked within the Parish centre, you will be contacted by the Clerk to the Parish Council advising of the above.

This is far from ideal, these are unprecedented times and we would ask for your understanding at this most difficult time for us all

Thanks for your understanding

Crofton Parish Council
