10/02/2020 11:00 X 15:00.

Patrols made on off road motorbike. I was joined by 1 of my colleagues from the off road team as part of his normal patrols. We have received information that bikes/quads have found their way back onto the wasteland off Shay Lane. This land is owned by a male called Dave Precious who has secured the area quite well. We patrolled the area and found numerous access points. We spoke to a local male who stated that several animals had been shot on the land. We saw nothing to suggest that however we did see 2 deer whilst there which will no doubt attract undesirables if this becomes common knowledge. I have contacted Mr. Precious with regards to better securing the area as no doubt when the weather warms up more bikes/quads will be drawn to the area.

We also patrolled the area in relation to traffic matters. 1 X motorist was issued with a TOR for failing to wear a seatbelt.

The weather was extremely bad at the time of the patrols (Storm Ciara) so I attended several reports in relations to fallen logs etc. Assisted with traffic patrols and the redirection of traffic.
